OCPP 1.6 Full Certificate

Certificate holder: PMGROW

Certificate number: OCA.0016.0085.CSMS

Product type: Charging Station Management System

Product designation: ChargeMon

OCPP Software version: v1.0

Certification date: March 15, 2022

This certificate attests that the above mentioned product successfully completed certification testing in conformance with the reference specification OCPP 1.6 - Edition 2 with OCPP 1.6 Errata sheet (v4.0 Release, 2019-10-23). The optional features of the protocol are also covered by this certification.

Test cases have been performed as described in the test report referred to below. The results and remarks can be found in the complete test report.

Applied tests	Performed by / on	Document evidence
Conformance testing according to the test specification referenced by the test report	Korea Smart Grid Association, March 15, 2022	KSGA_20220315_Test Report_PMGROW

The abstract of test report in the Annex is an integral part of this certificate. This certificate is valid from the Certification Date specified above. This certificate is only applicable to the product designation described above and permits the use of the OCPP logo as laid down in the OCA certification logo license agreement on this product only.

This certificate shall neither be tendered nor accepted by any party as a guarantee covering quality of a product which includes OCPP. The Open Charge Alliance, and/or its agents, including, inter-alia, test laboratories, disclaim liability for any damages or losses incurred by the certified company or by any other party resulting from reliance on the results of OCPP certification testing.

For the Open Charge Alliance:

ONOPH CARON

Performance Measurement Results

Performance Measurement Results			
Name	PICS value	Measured value	Description
OCPP response timeout:	5s	00:00:01	The response time for when waiting for an OCPP response message.
Response time Authorize:	5s	00:00:00	The response time for the Authorize message.

Test Configuration

Test Configuration	
Test Collinguiation	

Vendor	PMGROW
DUT / SUT	CSMS
Communication	JSON
OCPP Software version	v1.0
OCTT version	OCTT 1.6 v1.4.3

All relevant limits and non-OCPP settings that are relevant for the test laboratory and for the correct functioning of the CSMS:

Limit / setting	Value
Device supports sending milliseconds in timestamps:	Yes
