

OCPP 1.6 Security Certificate

Certificate holder:	Jeju Electric Vehicle Service Co., Ltd.
Certificate number:	OCA.0016.0092.CSMS
Product type:	Charging Station Management System
Product designation:	JoyEV CSMS OCPP Software version: 1.0.0
Certification date:	April 11, 2022

This certificate attests that the above mentioned product successfully completed security certification testing in conformance with the reference specification Security Whitepaper – Edition 3 (Improved security for OCPP 1.6-J v1.3, 2022-02-17). The security profiles of the protocol covered by this certificate can be found in the abstract of this certificate.

Test cases have been performed as described in the test report referred to below. The results and remarks can be found in the complete test report.

Applied tests	Performed by / on	Document evidence
<i>Conformance testing according to the test specification referenced by the test report</i>	<i>Korea Smart Grid Association, April 11, 2022</i>	<i>KSGA_20220411_TestReport_Jeju Electric Vehicle Service</i>

The abstract of test report in the Annex is an integral part of this certificate. This certificate is valid from the Certification Date specified above. This certificate is only applicable to the product designation described above and permits the use of the OCPP logo as laid down in the OCA certification logo license agreement on this product only.

This certificate shall neither be tendered nor accepted by any party as a guarantee covering quality of a product which includes OCPP. The Open Charge Alliance, and/or its agents, including, inter-alia, test laboratories, disclaim liability for any damages or losses incurred by the certified company or by any other party resulting from reliance on the results of OCPP certification testing.

For the Open Charge Alliance:

ONOPH CARON
Chairman

A blue ink signature of Onoph Caron, the Chairman of the Open Charge Alliance.

Abstract of test report

Test Result Summary
